Hinata X Reader :

one more

It was a spine chilling winter morning and you were up at the crack of dawn to meet up with you boyfriend so you guys could head to the Karasuno gym for morning practice. The inter high was coming up and everyone was putting their utmost effort into working their hardest so they can go to nationals! You really admired how determined and devoted Hinata and the rest of the team was towards their goal. It was really refreshing and it made you want to work harder towards achieving your goals as well.

You walked to the Bus stop that you waited at every morning so that you and Hinata could walk to school together. It was about 5:30 and your boyfriend wasn't here which was a little bit shocking since he was always the one waiting for you, but nonetheless here you were waiting for Hinata.

The weather was so chilly and refreshing which is why you loved winter. You casually were looking around at the scenery when a tornado of red ran up to you.

"\_ Chan! I am so sorry I'm late! Practice ran a little later than I had planned since me and Kageyama were practicing our freak quick, and I slept in past a few alarms!" Hinata said rubbing the back of his head.

"It's ok! I wasn't waiting that long anyways! Lets go!"

You and Hinata walked and were casually talking about school and volleyball but not 5 minutes after you began walking...

"Brrr. It sure is cold out today isn't it? I was in such a rush I forgot my scarf!" Hinata sulked.

Feeling Guilty for your scatterbrain of a boyfriend you pulled him in for a hug in hopes that it would warm him up

"\_!" Hinata said embarrassed wrapping his arms around you pulling you closer to him when an Idea popped into his mischievous head. He knew the perfect way to warm up!

"H-Hinata...we should get going! You don't want to make the captain mad!" You said grabbing his hand to start walking again..

But without another word Hinata cupped your face and slowly brought his face inches towards yours until your lips met in a sweet and soft kiss.

You pulled away blushing like crazy.

"\_ ... Whenever I kiss you it makes me feel warm... can we do it once more time?"

You slowly got on your tip toes and pecked your boyfriends lips, but Hinata wrapped his arms around your waist bring you closer to him.

Despite the cold air you didn't feel the least bit cold. You usually didn't like feeling warm, but you welcomed this warmth with open arms.

As you both panted for air from the passionate kiss

"one more"

"HINATA!" you said glancing at your watch

"Were going to be late! Lets get going!"

You saw your boyfriend make a pouty face but you grabbed his hand forcing him to turn and face you and you quickly pecked his lips one last time.

"We can continue after studying today! But only if you study hard!"

"YOSH! Lets go see Kageyama!" Hinata exclaimed excited. The disappointment completely vanished.

And so off the two of you went to school.
